About Us

With our deep-rooted experience of 45 years and unwavering passion, we at TURANCI&AER set out with a team dedicated to maximizing guest satisfaction and operational efficiency for businesses.

Who Are We?

TURANCI&AER is a leading brand in design and production, bringing together passion, dedication, and 45 years of industry experience. Our story is a reflection of our pursuit of excellence and continuous improvement. We are a family that grows, changes, and develops with you.

What We Do?

We exist to breathe life into your service areas. TURANCI&AER adds value to your business with customized service trolleys, counters, and storage solutions. Each of our products stands out with its elegant design, robust construction, and superior functionality. By offering solutions tailored to your needs, we aim to both impress your guests and increase your business's efficiency.

TURANCI&AER

Why Us? The Touches That Make a Difference

Unlike other furniture companies, we use a rail system in our drawer products. This makes your furniture more durable, quiet, and long-lasting. While offering solutions tailored to your needs, we pay attention to the finest details and guarantee perfect craftsmanship.

Unrivaed Quality and Durability

The MDF lam material we use in our products ensures your furniture stays looking new for years. We combine our modern designs with superior quality materials to add a unique touch to your home or workplace. We never compromise on quality!

Creativity, Expertise, and Trust

With our industry-leading designs, we bring creative and functional solutions to your living spaces. You can trust our commitment to quality and durability, and enjoy your furniture for years to come.

TRAY & LAUNDRY CARTS

This specially designed tray cart is for collecting trays and glasses in bulk after room service in hotels. It allows for easy and practical collection of food and beverage waste into a designated bin, with the ability to quickly change garbage bags. With a capacity to carry 16 trays and 16 glasses, it eliminates the need for a separate garbage cart during room cleaning. Furthermore, it offers a safe and secure way to transport trays without having to use room service tables.

063

TRAY TROLLEY with GARBAGE CONTAINERS

A fan of approximately 15 wood color samples is displayed on the left side of the image. The samples are arranged in a fan shape, showing a gradient of colors from light tan to dark brown. The background is a wooden surface with a vertical grain pattern. A white rectangular box is positioned in the upper right quadrant, containing the text "COLOR CHART".
